

# Eunice Choi

678) 622-4557 | euniceschoi93@gmail.com | www.euniceschoi.com | github.com/euniceschoi | linkedin.com/in/euniceschoi

## Skills

**Strong:** Ruby, Rails, JavaScript, Node.js, Git, PostgreSQL, SQLite3, jQuery/AJAX, HTML5/CSS3, RSpec, Capybara

**Experienced:** Python, React.js, Rstudio, Heroku, Sass, Jasmine, Adobe Illustrator/Photoshop

## Articles

### Facebook Oauth with Rails

January 2015

- Wrote an instructional blog on implementation of Facebook Oauth with Rails using the OmniAuth gem

### Lack of Diversity in the Tech Industry

January 2015

- Research blog on the diversity issue in tech, where I write about its potential causes and proactive solutions

## Projects

### Accountabuddy | Team Lead | [github.com/euniceschoi/AccountaBuddy](https://github.com/euniceschoi/AccountaBuddy)

December 2015

- Social platform for users to connect through shared fitness/diet/hobby goals and geolocation
- Feature-rich app incorporating advanced schema, including 10 tables and several M:M relationships
- 120 hours from concept to production level beta
- Leveraged Facebook/Mapbox API integrations and upgraded PostgreSQL /Foundation Skills

### Felidae | Map of Endangered Species | [github.com/euniceschoi/Felidae\\_Project](https://github.com/euniceschoi/Felidae_Project)

March 2015

- Customized ggplot and ggmap visualizations using Rstudio to plot maps as well as visual graphs
- Imported Beautiful Soup library in Python to pull data out of HTML files from public library
- Utilized regular expressions to sort and handle raw data
- Mapped geolocations of Felidae (Cat) species from least to most vulnerable in terms of endangerment

### RICA Commercial | Company Website | [ricacommercialinc.com](http://ricacommercialinc.com)

August 2014

- Worked closely with lead designer and revamped company website for improved UI/UX
- Increased page load speed by caching resources and translating image types to .jpeg

## Experience

### Xenon Health, Operations Assistant - Los Angeles, CA

March 2014 - October 2015

- Expanded project management by reaching out to local anesthesiologists throughout the nation
- Utilized software to update insurance bills for patients at partnered clinics

### RICA Commercial, UI/UX Intern - Hayward, CA

July - September 2014

- Drove traffic to e-waste recycling center and increased drop-off by 300%
- Redesigned website for improved UI/UX and created logo, banners, and t-shirts with Adobe Illustrator

## Education

### University of California, Los Angeles | BS in Biology

2011-2015

- GPA: 3.7/4.0 | Test Score: ACT – 99<sup>th</sup> percentile
- Patient Escort at Ronald Reagan Medical Center for 2 years
- Coursework: Python for Biologists, Entrepreneurship & Venture Initiation, Biochemistry

### Dev Bootcamp | Full Stack Web Development | San Francisco, CA

August 2015 - January 2016

- 1000+ hours of advanced software engineering experience
- Focused on algorithms, agile development, Git workflow, database-design, test-driven development, engineering empathy, and pair-programming
